

■ Greek Chapter Evaluation

Do you know your chapter's strengths and weaknesses? An important aspect of any solid organization is the ability to evaluate where you are and where you want to be. This self-assessment tool creates an opportunity for you to "take a step back" and examine your current chapter experience. Please indicate your personal and **honest** feelings on the following areas that apply to your fraternity/sorority.

Using the scale 0 – 5 circle the number that best describes the strength or weakness of that particular area. (0 = a weak area / 5 = a strong area) Remember that this is for YOUR benefit as a chapter, so be honest with yourself!
