I. GENERAL PROVISIONS

A. UCLA may register and affiliate men’s and women’s fraternities, and other similar organizations, hereinafter referred to as "fraternities," whose purposes and practices are, and remain, consistent with those of the University. University policy in respect to fraternities is in accord with Title IX of the Education Amendments of 1972, of the United States Civil Rights Act.

1. Affiliation of men's and women's fraternities may be conferred by the Center for Student Programming through Fraternity and Sorority Relations (CSP/FSR), which serves as the University supporting unit for all affiliated social fraternities.

   a. Each fraternity is expected to maintain membership in one of the established governing councils, as applicable:

      Asian Greek Council       Multi-Interest Greek Council
      Interfraternity Council    Panhellenic Council
      Latino Greek Council       UCLA Chapter of National Pan-Hellenic Council

   b. Each fraternity seeking affiliation must be in good standing with its inter/national organization. All local and/or regional fraternities may be required, as a condition of registration, to adopt standards equivalent to those of the appropriate inter/national organizations.

   c. Ordinarily, the registration process will occur on an annual basis at a time determined by CSP/FSR. In unusual circumstances, the University may review the status of an organization at any time prior to the annual registration process. Unusual circumstances may include, but are not limited to: a recent history of repeated infractions of this Policy, or cases where a chapter is under sanction by its inter/national organization, governing council or the University.

2. Each fraternity seeking University registration must place a copy of its inter/national and local governing documents on file with CSP/FSR. These documents will be kept in confidence to the extent permitted by law. Groups previously identified to the University by their inter/national organizations as being strictly prohibited from filing their constitutive documents will provide them for review at the time of seeking registration, and will make them available to the University upon request at any future time. The governing documents shall include (if they exist):

   Inter/National Constitution and Bylaws
   Inter/National Standing Rules and Policies
   Local chapter Bylaws, Operating Procedures, and Chapter Code of Conduct
   Local Articles of Incorporation

   Copies of the above documents, when revised, are to be promptly filed. Each fraternity must adhere to the provisions of its governing documents.

3. All affiliated organizations are required to abide by all applicable University and governing council rules and regulations, including, but not limited to, the UCLA REGULATIONS ON...
4. Each fraternity shall comply with all applicable federal, state and local laws and ordinances. Particular areas in which compliance is expected include:

- The use, service, and abuse of alcohol
- Hazing
- The use and abuse of narcotics or drugs
- Noise control
- Sexual harassment, assault, and abuse

5. Each fraternity must conduct all recruitment programs and activities as alcohol-free events and may not include, in any form, the use, service, or consumption of alcohol.

6. Each fraternity must annually file a current certificate of liability insurance coverage with CSP/FSR. Organizations which do not have continuous year round coverage must file a certificate of insurance showing proof of liability coverage on an event-by-event basis.

7. A fraternity may use the name of the University only as a geographical designation (beta beta beta at UCLA).

8. Each fraternity shall undertake programs consistent with the organization's resources and primary goals, which contribute to: responsible social interaction, community relations, and service to the University and local community.

9. Each fraternity is expected to conduct its business practices in a lawful and ethical manner, maintaining fair personnel practices and conducting its fiscal affairs in accordance with generally accepted practices.

10. Each fraternity shall establish, maintain, and comply with a well-defined code of conduct, and shall ensure that all of its members have a working understanding of the code of conduct. The fraternity shall have an internal judicial system to enforce this code. The University must receive an annual copy of this code of conduct if it is not clearly included in the organization’s constitution/bylaws.

11. Each fraternity shall establish and maintain a program for the academic advancement of each of its members and shall designate a person to maintain accurate membership rosters, receive chapter grade reports, and act as a liaison to CSP/FSR.

12. Each fraternity is required to have appropriate officers, representatives, or chapter membership attend educational programs, activities, and initiatives sponsored and coordinated by CSP/FSR. Fraternities may also be required to meet periodically with CSP/FSR.

13. Each fraternity shall be required to have and maintain an active Alumnus(a) Advisor and/or Advisory Board to assist with general chapter management and operations and act as a liaison to CSP/FSR.

14. The fraternity's facility (chapter house, residence, chapter room, lodge, or meeting area), if any, must be safe and provide a healthy living environment, including, but not limited to, adequate refuse collection, property upkeep and maintenance, and satisfaction of building and safety codes as required by local fire, health, and governmental agencies. This provision includes, but is not limited to, the requirement that appropriate government agencies (e.g.,
Fire Department, Department of Health Services) are asked to perform regular inspections on an annual basis and certify that each facility complies with applicable laws and regulations under their respective jurisdictions.

15. The University may periodically require fraternities to demonstrate that the provisions of this policy have been met. However, the University assumes no responsibility or liability for enforcing compliance and such compliance is and remains the sole responsibility of each fraternity.

B. Fraternities which agree to and abide by the aforementioned provisions and regulations for affiliation, and are in good standing (i.e., not subject to any sanction imposed by their inter/national organization, governing council or CSP/FSR which restricts eligibility), are eligible to receive the following services from the University:

1. Registered fraternities may participate in all University sponsored programs and activities (e.g., Welcome Week, Recruitment Programs, Intramurals, Homecoming, Blue and Gold Week, Spring Sing, etc.) in the same manner as other registered organizations.

2. Programs may be developed for assistance to fraternities in a variety of areas as requested (e.g., community relations, assistance in training and assessing Resident Advisor/House Director candidates, Chapter Advisor education workshops, House Corporation Board and other house employee related assistance).

3. Educational programs may be developed to meet the needs and interests of fraternities, including: new member forums, risk management and social programming, leadership training and education, social issue awareness workshops, internal chapter operations and management, etc.

4. Advice and counsel, as well as referrals and resources, will be offered in the areas of chapter development and programming, leadership development, personal safety and risk management, alcohol and substance use and abuse, sexual assault and abuse, stress management, eating disorders, etc.

5. Additional assistance and counsel may be available in the areas of chapter governance; judicial concerns; interpreting University policies, procedures and regulations; providing information on state and municipal law as they relate to membership activities (e.g., hazing); educational and social programming; general fiscal matters; emergency preparedness, etc.

6. Advice will be provided in the areas of University policy, procedures, and regulations as well as approvals in areas of policy, programming, and judicial affairs to affiliated governing councils and such councils’ executive boards/councils, associated committees, and affiliated sub-groups.

7. The University will provide access to campus facilities for meetings and programs and assist with campus program funding information and resources.

8. The University will provide electronic mail, web hosting services, comprehensive web-based communication, and offer assistance in identifying technical resources or services.

9. The University will provide, upon written request and approval and within applicable University policy and law, access to lists of new student admittees for the purposes of membership outreach and recruitment.
10. The University will provide, upon request and within applicable University policy and law, such services as maintaining membership records and computing fraternity grade point averages and standings.

11. Affiliated governing councils may be eligible to share in the use of office space within CSP/FSR.

II. DISCIPLINARY PROCEDURES

A. Discipline may be imposed upon an affiliated fraternity in accordance with these procedures and following the filing of written charges with CSP/FSR alleging that the fraternity does not meet, or has violated, one or more of the applicable regulations set forth in this policy and/or the following University policies: UCLA REGULATIONS ON ACTIVITIES, REGISTERED CAMPUS ORGANIZATIONS, AND USE OF PROPERTIES; UNIVERSITY OF CALIFORNIA POLICIES APPLYING TO CAMPUS ACTIVITIES, ORGANIZATIONS, AND STUDENTS; UCLA STUDENT ALCOHOL POLICY; UNIVERSITY POLICY ON THEME BASED SOCIAL ACTIVITY; UCLA POLICY ON SEXUAL HARASSMENT.

B. CSP/FSR is responsible for the administration of the discipline process. The University recognizes two formal disciplinary procedures: 1) Peer Review and 2) Administrative Review. Peer Review is conducted by the appropriate Council’s Judicial Board as delineated in the council’s governing documents. Judgments issued by the appropriate Council’s Judicial Board will be reviewed and approved by CSP/FSR. Administrative Review is conducted by the Senior Associate Director, CSP, or designee. Further, CSP/FSR may conduct mediation or issue warnings in an effort to resolve complaints informally without resort to a formal adjudication process.

1. ADMINISTRATIVE PROCESS:

a. Following the receipt of written charges, CSP/FSR will notify the President and Alumnus(a) Advisor (and, when appropriate, the inter/national executive office) of the accused organization that a complaint has been received. The President may be requested to meet with the Senior Associate Director to determine the next course of action.

b. In the event of a serious allegation which affects the health, safety, or security of the organization and/or the campus community, the University, preferably in conjunction with the inter/national fraternity, may impose suspension of all chapter activity, pending investigation. The governing Council having jurisdiction for the member organization(s) will be notified of any such suspension.

c. If further investigation into the complaint is needed, CSP/FSR may direct the appropriate Council’s President to appoint a fact-finding board, according to the internal appointment mechanisms of that Council. At the discretion of CSP/FSR, designated University official(s) and/or a third party may participate in or conduct the fact-finding process.

d. The fact-finding board will gather information and evidence, and will produce a written report which details the information gathered, sets forth its findings of fact and recommended disposition of each allegation of the complaint. The fact-finding process will be conducted within a reasonable time frame established by CSP/FSR.

e. When a charge is sustained through fact-finding or admission of guilt, CSP/FSR has the authority to determine whether adjudication of the charge(s) will be heard by the
appropriate Council's Judicial Board or conducted through an administrative review hearing under basic procedural standards of due process. Further, CSP/FSR, as the supporting unit, has the authority to advance a case into administrative review when a fraternity has a history of previous violations or consistently demonstrates a lack of substantial rehabilitative behavior.

f. CSP/FSR will notify, in writing, the President and Alumnus(a) Advisor of the accused organization with notice of the suspected violation, a general description of the facts, and its determination of whether the matter will advance through peer review or administrative review.

g. For administrative review, the President shall within ten (10) working days schedule and attend an administrative review hearing for adjudication of the matter. Peer review through a Council’s Judicial Board will occur as delineated in the council’s governing documents.

h. CSP/FSR will provide written notification of the disposition of the charges and any resulting sanction(s) imposed at the conclusion of the administrative review process to the President, the Alumnus(a) Advisor, and the inter/national executive office within ten (10) working days.

2. SANCTIONS: If it is determined that a fraternity does not meet, or has violated, one or more of the aforementioned standards and/or regulations, one or more of the following sanctions may be imposed:

a. WARNING: Written notice to the fraternity that continued or repeated violations may be cause for further disciplinary action. Additionally, the warning will suggest a reasonable time frame for corrective action. If that action is not taken in the time frame by the fraternity, further sanctions may be invoked.

b. PROBATION: Probation will be for a specific period of time. It may include terms and conditions, including a time frame for corrective action by the fraternity. If any term or condition is not met in a timely fashion, further sanctions may be invoked.

c. SUSPENSION OF AFFILIATION: The suspension shall be for a specific period of time during which all actions and activities of the chapter previously sponsored by the University may be suspended, and all University rights and privileges pertaining to affiliation may be revoked.

The undergraduate chapter, working with the local Alumni(ae) Advisory and/or Corporation Board, will be required to submit a written plan for corrective action to be taken by the chapter in order to meet the standards established. Conditions may be placed upon the suspension.

d. RESIDENT ADVISOR/HOUSE DIRECTOR: A fraternity which owns, rents, or leases a physical plant (chapter house) may be directed to employ a Resident Advisor/House Director following repeated behavior or incidents which are found to be in violation of this policy. Appointment of a Resident Advisor/House Director shall be for a minimum of one academic year, but implementation may be required at any time during the year. A review of the chapter's compliance with the provisions of this policy will be held within one academic year following such appointment. Resident Advisors/House Directors shall be in residence in the chapter house, residence, or lodge at any time when the facility is open and/or occupied. This includes the summer months and the quarter breaks when the chapter house,
residence, or lodge is occupied by one or more persons. Resident Advisors/House Directors shall be the employees of each Chapter or Corporation Board. This sanction may be combined with any of those numerated above.

e. WITHDRAWAL OF AFFILIATION: (In the case of withdrawal of affiliation, such sanction must be specifically approved by the Assistant Vice Chancellor, Student & Campus Life.) Upon withdrawal of affiliation, the fraternity will lose all rights and privileges pertaining to such status including, without limitation, the right to participate in any University sponsored event as a fraternity.

3. APPEALS PROCESS:

a. Judgments issued after administrative review may be appealed in writing to the Assistant Vice Chancellor, Student & Campus Life, within five (5) working days, with a copy to CSP/FSR. Where the recommended sanction is Withdrawal of Affiliation appeals may be directed to the Vice Chancellor, Student Affairs.

b. Judgments issued by the appropriate Council's Judicial Board may be appealed to the President's Council or delegate members of that appropriate body within five (5) working days by presenting a letter of intent to the President of the appropriate council with a copy to CSP/FSR. The appeals process will be conducted in a timely manner and in accordance with the provisions outlined within the appropriate Council’s governing documents.

c. Should an appeal be denied, appropriate notification shall take place within 48 hours to the appealing organization and the reasons therefore, and provide clarification of the sanction. Written notification to the Chapter President, Alumnus(a) Advisor, and inter/national executive office will be made in a timely manner.

The name, initials, insignia, seal or address of the University or any of its offices or units shall not be used except for official or authorized University purposes.

Officially Recognized Organizations may use the name "University of California, Los Angeles," "UCLA," "Bruins," the campus seal, or any other UCLA logo to identify their organization as part of the informal UCLA family on material for their own use such as stationery, posters, signs and banners dealing with the on-campus activities of their organization, provided such use does not diminish or demean the reputation of the University. The UCLA name and logo may be used in conjunction with their organization’s name, but only on products limited for use by their members. All other uses must have the specific approval of the ASUCLA.

Pursuant to campus policy, ASUCLA has the authority to control all commercial use of the UCLA name. If an Officially Recognized Organization wishes to produce or purchase a product bearing the UCLA name or logo for general distribution, as opposed to limited on-campus use, the organization must obtain the product from a UCLA licensed manufacturer. Such products must carry both the UCLA logo and the name of the Registered Organization. Registered Organizations may not authorize any third party to produce merchandise bearing only the UCLA name or logo, or authorize or produce items that combine the UCLA name with any third party name or logo.
II. Student Conduct Policies

Students are members of both society and the academic community with attendant rights and responsibilities. Students are expected to comply with the general law, University policies, and campus regulations.

A. Jurisdiction

The University shall have jurisdiction over student conduct that occurs on University property, or in connection with official University functions whether on or off University property. Although the University will not routinely invoke its disciplinary processes over student conduct that occurs off campus except in connection with an official University function, the University shall have discretion to exercise jurisdiction over conduct that occurs off campus and that would violate student conduct and discipline policies or regulations if the conduct had occurred on campus when:

(1) The alleged misconduct indicates the student poses a threat to the safety or security of any member(s) of the University community; or

(2) The alleged misconduct involves academic work or the forgery, alteration, misuse of any University document, record, key, electronic device or identification.

Specifically, the University may choose to exercise jurisdiction over off-campus incidents under section (1) above where the alleged misconduct involves:

(a) Physical abuse, including but not limited to, rape, sexual assault, sex offenses, other physical assault; threats of violence; or conduct that threatens the health or safety of any person;
(b) Stalking (as defined in Section 102.10 of the University of California Policies Applying to Campus Activities, Organizations, and Students);
(c) Sexual harassment (as defined in Section 102.09 of the University of California Policies Applying to Campus Activities, Organizations, and Students);
(d) Hazing or any method of initiation or pre-initiation into a campus organization or any activity engaged in by the organization or members of the organization which causes, or is likely to cause, bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to any student or other person.

In determining whether or not to exercise off-campus jurisdiction in cases under section (1) above, the University will consider the seriousness of the alleged misconduct; whether the alleged victim is a member of the campus community; the ability of the University to gather evidence, including the testimony of witnesses; or whether the off-campus conduct is part of a series of actions that occurred both on and off campus.

This section is intended only to provide guidance for the exercise of discretion by the University in invoking its jurisdiction over conduct that occurs off campus. It may not be relied upon by any student charged under this section to create any rights, substantive or procedural, or as a basis for a challenge to the exercise of the University’s jurisdiction.
GUIDELINES FOR CAMPUS SIGNBOARDS

The Center for Student Programming has developed the following guidelines for campus signboards in an effort to support registered organizations and departments with the promotion of programs and activities. These guidelines are designed to insure campus safety and access (handicap access, fire and building safety, etc). CSP will actively monitor organization/department signboards for proper compliance.

Only registered campus organizations and campus departments may display signboards on designated University property.

SIZE/NUMBER:
   a. Signboards may be up to four feet (4’) high and up to three feet (3’) wide.
   b. An organization may have up to three (3) signboards out on campus at any one time.

INFORMATION:
   a. Each signboard must have the full name of the sponsoring organization visible at all times. If you use an acronym, you must also include the organization name in full.
   b. If information is written in any language other than English, please include an English translation on the signboard.
   c. All signboards must display contact information for the sponsoring organization. This can be a phone number, a campus address, an e-mail address, or a website.

PLACEMENT:
   a. Signboards must be placed along the sides of walkways. They may not be in the middle of walkway intersections. Signboards cannot be placed in front of entrances or exits to buildings and cannot obstruct the flow of traffic in and out of buildings, or along walkways. Signboards may not be placed inside of buildings.
   b. Signboards may not be placed in Bruin Plaza, Royce Quad, Dickson Plaza, or the Franklin D. Murphy Sculpture Garden.
   c. Signboards may be left out for duration of the ten-week quarter. Signboards must be removed before 5 pm on the Friday of 10th week or at the conclusion of a program/event.
   d. All signboards left out after 10th Week or more than a week following a program/event will be discarded.

UPKEEP & TIMELINESS:
   a. All organizations will be responsible for keeping the material on their signboards current and legible.
   b. Signboards should be kept in good repair at all times. Be mindful of weather conditions such as rain and wind that can damage your board and or materials attached to it.

Signboards that are not in compliance with these stated guidelines are subject to removal and will be discarded. Registered Campus Organizations and University Units are solely responsible for their signboards and the University accepts no responsibility for theft or damage.
USE OF BRUIN WALK

TABLING

Bruin Walk is an ideal place to advertise your organization or event. Campus organizations may use the permanent tables on Bruin Walk on a first come, first served basis. During periods of high usage, priority will be given to UCLA campus organizations. **Please note:** Due to the limited space available on Bruin Walk, table usage will be limited to one table per organization.

ASUCLA now has tables available for organization use. Any organization signatory may drop by the Student Union Information Window (A Level) and pick up a table and two chairs. Tables and chairs may only be used on the Bruin Walk area between Meyerhoff and the Bruin Walk banner poles. Students will be asked to leave a photo ID in exchange for the equipment. Tables will be distributed on a first-come, first-served basis. Tables will be available every quarter from Monday of Zero Week until the demand ceases. In the event that no tables are available, you may provide your own table (1 only) and chairs. The table may be no larger than 3 feet by 6 feet.

Tables and chairs are not to be removed from the Kerckhoff/Ackerman patios. The Center for Student Programming will take action against those organizations refusing to respect University property.

Keep in mind that tables and other display materials may not block any entrance or walkways, or otherwise restrict the free flow of traffic, and their placement is limited to the sides of walkways.

SIGNS, BANNERS, & DISPLAYS

When promoting your organization on Bruin Walk, the following must be adhered to:

1. The name of the sponsoring organization must be visible.

2. When using a table, your display area must be limited to your table and the area immediately behind it.

SEC. 4. Section 245.6 is added to the Penal Code, to read:

245.6. (a) It shall be unlawful to engage in hazing, as defined in this section.

(b) "Hazing" means any method of initiation or preinitiation into a student organization or student body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury to any former, current, or prospective student of any school, community college, college, university, or other educational institution in this state. The term "hazing" does not include customary athletic events or school-sanctioned events.

(c) A violation of this section that does not result in serious bodily injury is a misdemeanor, punishable by a fine of not less than one hundred dollars ($100), nor more than five thousand dollars ($5,000), or imprisonment in the county jail for not more than one year, or both.

(d) Any person who personally engages in hazing that results in death or serious bodily injury as defined in paragraph (4) of subdivision (f) of Section 243 of the Penal Code, is guilty of either a misdemeanor or a felony, and shall be punished by imprisonment in county jail not exceeding one year, or by imprisonment in the state prison.

(e) The person against whom the hazing is directed may commence a civil action for injury or damages. The action may be brought against any participants in the hazing, or any organization to which the student is seeking membership whose agents, directors, trustees, managers, or officers authorized, requested, commanded, participated in, or ratified the hazing.

(f) Prosecution under this section shall not prohibit prosecution under any other provision of law.

SEC. 5. This act shall be known and may be cited as "Matt's Law" in memory of Matthew William Carrington, who died on February 2, 2005, as a result of hazing.
STATEMENT ON HAZING

UCLA students take pride in being part of a community in which all members treat each other with dignity and respect. Activities which detract from the goal of fostering the personal and intellectual development of our students have no place on our campus. Hazing in any form by any student in the process of joining any organization poses a serious threat to the health and safety of our students and will not be tolerated.

The California Education Code defines hazing as, “any method of initiation or pre-initiation into a student organization or any pastime or amusement engaged in with respect to such an organization which causes, or is likely to cause, bodily danger or physical harm, or personal degradation or disgrace resulting in physical or mental harm, to any student or other person attending any school, community college, college, university, or other educational institution in this state; but the term ‘hazing’ does not include customary athletic events or other similar contests or competitions.”[1]

Hazing may also include: “Any action taken or situation created, intentionally, or unintentionally, whether on or off [University] premises, to produce mental or physical discomfort, embarrassment, harassment, or ridicule. Such activities may include but are not limited to the following:

- use of alcohol;
- paddling in any form;
- line-ups;
- creation of any excessive fatigue;
- physical and psychological shocks;
- quests, treasure hunts, scavenger hunts, road trips, kidnapping, or any other such activities;
- wearing of public apparel which is conspicuous and not normally in good taste;
- engaging in public stunts and buffoonery;
- morally degrading or humiliating games and activities; and
• any other activities which are not consistent with academic achievement, fraternal law, ritual or policy, or the regulation and policies of the educational institution, or applicable state law.\[2\]

All members of the UCLA community are responsible for ensuring that UCLA remains free from hazing. You can help by doing the following:

1) Before joining any group/organization at UCLA, be certain that you and the organization’s leadership have signed a statement in support of maintaining the dignity and respect of all community members, pledging not to accept or engage in hazing.

2) If you believe that you have been asked to participate in an activity that may be considered hazing, please contact the UCLA administrator responsible for the organization (coach, advisor, coordinator, staff /faculty member). A careful evaluation of the activity can be made to ensure its appropriateness.

3) To make an anonymous report of hazing, contact the Center for Student Programming at csp@ucla.edu.

\[1\] West’s Ann.Cal.Educ.Code § 32050
\[2\] UCLA Hazing Policies, Statutes, Statement Understanding and Position
The Fraternity Executives Association has stated its position, periodically, in support of constructive educational and inspirational programs and has asserted unequivocally its opposition to hazing and pre-initiation activities, which do not contribute to the positive development and welfare of pledges and members.

Because hazing and other pseudo-initiation practices have not been rejected and eradicated completely in undergraduate activities and therefore remain a menace to the well-being of the College Fraternity System, the Fraternity Executives Association reaffirms and reasserts its position on this question.

* The Association believes that true fraternalism is nurtured in an atmosphere of social and moral responsibility, respect for duly constituted authority, and loyalty to the principles of high education.

* The Association further believes that while social behavior cannot be legislated, a fraternity without morally sound precepts and practices is not a constructive influence upon college men.

* The Association further believes that a fraternity has a solemn obligation in the development of its pledges and members and that this responsibility extends alike to the institution where it is represented; to parents and others who make possible the education of pledges and members; to the communities where chapters are accountable for good citizenship; and to the college fraternity system of which it is a part.

* The Association further believes, despite the fact that much progress has been made, that one of the most damaging instruments to the fraternity system is the employment of a program of education, which includes hazing, and that this unproductive, ridiculous and hazardous custom has no rightful place in the fraternity system.

* The Association defines hazing as any action taken or situation created, intentionally, whether on or off fraternity premises, to produce mental or physical discomfort, embarrassment, harassment, or ridicule. Such activities and situation include paddling in any form; creation of excessive fatigue; physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside the confines of the house; wearing, publicly, apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; late work sessions which interfere with scholastic activities; and any other activities which are not consistent with fraternal law, ritual or policy or the regulations and policies of the educational institution.
I. INTRODUCTION

Social activities are an important part of the life and atmosphere of UCLA’s multifaceted campus community. It is recognized that these activities at times involve both the attendance of a substantial number of students under 21 years of age and the presence of alcoholic beverages. The Student Alcohol Policy (hereinafter, the Policy) was developed with careful consideration to individual and community health and welfare issues as well as the realities of implementation.

The Policy is intended to apply to:

A. University-sponsored on-campus programs and events at which attendance consists predominantly of students under 21 years of age and at which alcoholic beverages will be present, and

B. Programs and events—both on campus and off—that are organized and sponsored by Registered Campus Organizations, at which attendance consists predominantly of students under 21 years of age and at which alcoholic beverages will be present.

The Policy is not intended to apply to:

A. University-sponsored programs or events that take place off campus; or

B. Programs or events at which attendance is not expected to consist predominantly of students under 21 years of age.

The Policy is to be applied in conjunction with local, state, and federal laws, codes, and ordinances (see Appendix A).

Additionally, it is to be interpreted and applied in concert with other campus policies and regulations (see Appendix B), including the UCLA Student Conduct Code.

II. POLICY STATEMENT

A. ALCOHOL SALES, SERVICE, AND CONSUMPTION

1. Statement of Principles:

The University requires that individuals and groups choosing to offer alcoholic beverages at their programs and events operate within state and local laws (see Appendix A) and within University policies and regulations, and comply with responsible hosting guidelines, as outlined in this Policy.

In accordance with the Policy, alcoholic beverages may be present at events where attendance is likely to consist predominantly of students under 21 years of age only in regulated settings that give the highest priority to standards for student health, safety, and responsibility that apply across entire populations.

2. Standards for Student Health, Safety, and Responsibility:

The following standards are designed to promote student health, safety, and responsibility. Subject to the facility use and scheduling policies and constraints of the venue involved, alcoholic beverages may be served at programs and events where attendance is likely to consist predominantly of students under 21 years of age only under the following general provisions and specific conditions:
a. The service and/or consumption of alcoholic beverages is to be complementary to the event; under no circumstances should an event have the consumption of alcohol as its primary purpose.

b. All events at which alcohol is served must also include the provision of alternate non-alcoholic beverages and free or reasonably priced snacks throughout the duration of the event. If alcoholic beverages are sold, alternate non-alcoholic beverages may be reasonably priced; if alcohol is served free of charge, the alternate non-alcoholic beverages must also be complimentary.

c. No one under 21 years of age may be served, or possess, alcoholic beverages. Staff or bartenders must ask for proof of age.

d. The event sponsor is responsible for ensuring that all activities at which alcohol is to be present are planned and conducted in a manner that assures compliance with this Policy, state and local laws, and all other applicable University policies and regulations.

e. The event sponsor is responsible for ensuring that all activities at which alcohol is to be present are planned and conducted in a manner that minimizes any risk to the health and safety of attendees. Drinking contests or games are strictly prohibited.

f. Programs and events at which alcohol is present and where attendance is likely to consist predominantly of students under 21 years of age shall not be open to the public. Attendance shall be by invitation to selected members of the campus community (and their guests) who can be readily identified by procedures or mechanisms typically used to determine membership in the campus community (e.g., BruinCards).

g. For all events at which alcohol is present and where anticipated attendance will exceed 150 people, the event sponsor shall have the responsibility to complete and submit a party notification form to the University of California Police Department at least five days in advance of the event.

3. Additional Policies Applying to On-Campus Events:

a. Without prior written approval, alcohol may not be served and/or consumed at events taking place on the University campus at which attendance is expected to consist predominantly of students under 21 years of age. Such approval shall be based on this Policy, and may be granted at the reasonable discretion of the following:

i. For University-sponsored events, the Dean, Chair, Director, or Executive Director of the sponsoring University Unit.

ii. For events organized by Registered Campus Organizations, the Director of the Center for Student Programming.

b. A copy of the written approval will be retained by both the approving unit and the event sponsor/organizer.

c. Alcoholic beverages may not be charged to state funds.

d. For events organized by Registered Campus Organizations, the following additional restrictions apply to the purchase of alcoholic beverages:
i. Alcoholic beverages may not be charged to registered campus organizations’ funds.

ii. No registered campus organization may co-sponsor or co-finance an event at which alcoholic beverages are purchased by any of the sponsoring organizations.

iii. The purchase of alcoholic beverages may not be coordinated by any one person on behalf of a registered campus organization.

iv. Provided all the conditions included in this Policy are met, alcoholic beverages may be provided on a “bring your own” basis.

e. Additional regulations apply to events that take place within, or on grounds immediately adjacent to, the University undergraduate residence halls and residential suites, whether planned by individuals, organizations sponsored by or affiliated with the Office of Residential Life, or other organizations.

Refer to the On-Campus Housing Handbook for the specific policy and regulations.

f. Additional regulations apply to events hosted by officially recognized men's and women's fraternities and other similar organizations that take place in Westwood-area privately-owned housing.

Refer to the Policy Applying to Official Recognition of Men’s and Women’s Fraternities, and Other Similar Organizations by the University of California, and the UCLA IFC/Panhellenic Social Programming Policies and Procedure for the specific policy and regulations.

B. CONTINUING SALE OR SERVICE OF ALCOHOL IN UNIVERSITY FACILITIES:

In addition to complying with state laws that regulate the sale or provision of alcoholic beverages, University Facilities which sell and serve alcohol should:

1. Provide an environment that models safe and responsible alcohol consumption;

2. Train staff about responsible alcohol sales and service to ensure that alcohol is consumed legally and sensibly by patrons;

3. Adopt pricing policies that discourage excessive alcohol consumption; and

4. Promote advertising that integrates the message of social norms and harm reduction, and not those that encourage alcohol consumption.

C. ALCOHOL-RELATED ADVERTISEMENT

This section of the Policy is intended to be used in conjunction with the UCLA Regulations on Activities, Registered Organizations and Use of Properties. Exceptions to the Policy may be made by the Chancellor when it is deemed in the best interest of the University.

This section is intended to apply to advertisements for programs and events; it is not intended to apply to advertising in campus publications by alcoholic beverage manufacturers or distributors.

1. Advertisements that reference alcoholic beverages, in any form (e.g., print ads, e-mail or website announcements, banners, signs, flyers, t-shirts, etc.), may not portray drinking as a means to academic or social success, associate alcohol with the performance of tasks that require skilled reactions such as
the driving of an automobile, suggest that drinking is the sole purpose or dominant theme of an event, or promote alcohol consumption as an expectation during the event or activity.

2. Print advertisements that incorporate an alcoholic beverage trademark or logo must display the trademark/logo as clearly subordinate to the message concerning the event itself. The name of an alcoholic beverage manufacturer or distributor may not be connected to the name of the event itself, but may be listed as a sponsor of a specific event.

3. Distribution of products that utilize a University trademark or logo, including promotional clothing, specialty items, and other consumer items, is subject to the University’s trademarks and licensing policies and procedures. University units and registered organizations may not distribute promotional items that utilize an alcoholic beverage trademark or logo in combination with a University trademark or logo.

D. VIOLATION OF STUDENT ALCOHOL POLICY

The University will provide education, assessment, counseling and referral services for students addressing alcohol-related issues.

Discipline may be imposed upon organizations or individual students in accordance with basic standards of procedural due process following the alleged violation of the Policy and the filing of written charges with:

1. Office of Residential Life for allegations involving students residing in on-campus housing.

2. Center for Student Programming for allegations involving Registered Campus Organizations, including those affiliated with the Office of Residential Life.

3. Office of the Dean of Students for allegations involving students:
   a. for their behavior while attending an on-campus event at which alcoholic beverages are present; or
   b. for failure to comply with the Policy in the planning and presentation of a program or event at which attendance consists predominantly of students under 21 years of age and at which alcoholic beverages are present.

UCLA Student Alcohol Policy
Issuing Officer: Vice Chancellor Janina Montero
Responsible Department: Student Affairs
Effective Date: August 11, 2004
Supersedes: February 2, 1996
The following California statutes regulate the use, sale, or distribution of alcoholic beverages:

(1) Civil code:

Section 1714(a)
No social host who furnishes an alcoholic beverage to any person shall be liable for injuries suffered by such a person or for injuries to a third person resulting from the consumption of such beverages. But where the social host knows that his guest is someone who "can't handle alcohol" the host may be liable for injuries suffered by the guest or third party.

(2) Business and Professions Code:

Section 23399.9:
No license is required for serving or disposing of alcohol if all three conditions are met:
(1) There is no sale;
(2) Premises are not open to the public during the time alcoholic beverages are being served, consumed or otherwise disposed and
(3) The premises are not maintained for the purposes of keeping, serving, consuming or disposing of alcoholic beverages.

If all three conditions are met, then no license is required. For the purposes of the statute, a "sale" has been defined as the purchase of a "drink" or the purchase of a "ticket" entitling the purchaser to an alcoholic drink. Furthermore, if "guests" are allowed to walk in from the streets then the premises will be considered "open to the public" for the purposes of the statute, and a license may be required.

Section 23301:
Any person serving or disposing of alcoholic beverages without a license, when a license is required, is guilty of a misdemeanor. The term "person" includes any individual, firm, co-partnership, association, corporation or any other group or combination acting as a unit.

Section 25602:
This section was recently amended to reflect prior judicial interpretation finding the consumption of alcoholic beverages rather than the serving of alcoholic beverages as the proximate cause of injuries inflicted upon another by an intoxicated person.

Section 25602.1:
Notwithstanding the provisions of Section 25602, above, a person who is required to obtain a license (see Section 23399.9) may be sued for injuries suffered as the result of furnishing alcohol to any obviously intoxicated minor.

Section 25658(a):
Every person who sells, furnishes, gives or causes to be sold, furnished or given away any alcoholic beverage to any person under 21, is guilty of a misdemeanor.

Section 25658(b):
Any person under the age of 21 years who purchases any alcoholic beverages, or any person under the age of 21 years who consumes any alcoholic beverage in any on-sale premises is guilty of a misdemeanor and shall be punished by a fine of not less than $100 dollars.

Section 25658(c):
Any on-sale licensee who knowingly permits a person under 21 years of age to consume any alcoholic beverage in the on-sale premises, whether or not the licensee has knowledge that the person is under 21, is guilty of a misdemeanor. "Licensee" means any person holding a license. The term "on-sale" means that the license privilege is for alcoholic beverages sold on the premises, to be consumed on the premises.

Section 25662:
Any person under the age of 21 who has any alcoholic beverage in his possession on any street or highway or in any public place or in any place open to the public is guilty of a misdemeanor.
Vehicle Code

Section 21200:
Anyone who rides a bicycle upon a road while under the influence of intoxicating liquor or drugs shall be punished by a fine of not more than $250.

Section 23152:
It is unlawful for any person to drive a motor vehicle while under the influence of intoxicating liquor, or under the combined influence of intoxicating liquor and any drug.

Section 23220:
It is unlawful for any person to drink any alcoholic beverage in any motor vehicle when such a vehicle is on the road.

Section 23222:
It is unlawful for any person to have in his possession on his person, while in a motor vehicle upon a highway, any bottle, can or other receptacle, containing any alcoholic beverage which has been opened, or a seal broken, or the contents of which has been partially removed.

Section 23225:
It is unlawful for any person to keep in a motor vehicle, when such a vehicle is upon any highway, any "open container" unless such container is kept in the trunk of the vehicle, or kept in some other area not normally occupied by the driver or passengers. A utility compartment or glove compartment shall be considered to be within the area occupied by the driver and passenger.

Section 23224:
It is unlawful for any one under the age of 21 to possess or carry alcoholic beverages while a passenger in a motor vehicle. It is also unlawful for any one under the age of 21 to drive any motor vehicle carrying any alcoholic beverage. This section does not apply if the minor driver or passenger is accompanied by a parent or legal guardian. If the vehicle used in violation of this section is registered to the minor driver or passenger, the vehicle may be impounded at the owner's expense for not less than one day nor more than 20 days for each violation. Also, any person under 21 found guilty under this section shall have his driver's license suspended for not less than 15 days nor more than 30 days.

Penal Code

Section 307:
It is a misdemeanor to furnish, sell or provide candy, cake, cookies or gum with an alcohol content in excess of 2% by weight.

Section 529.a:
It is a misdemeanor to produce, manufacture, offer, sell or transfer a false or counterfeit certificate of birth or certificate of baptism.

Section 529.5
It is a misdemeanor to produce, manufacture, sell or transfer a false State Identification Card or State Driver’s License.
To All Members of the Campus Community:

Sexual assault upon students is an area of increasing concern for colleges and universities throughout the country. Date rape in particular has gained recognition as a serious problem among college-age students. Rape, including date rape, is a violation of both university codes of conduct and California criminal statutes. Such acts are completely unacceptable and are inimical to the values of a preeminent institution such as ours.

The University of California, Los Angeles is committed to doing all within its power to prevent rapes from occurring, to apprehend and discipline assailants when such crimes do occur, and to provide prompt and compassionate support services to students who are raped. We are all responsible for creating and maintaining an environment, which promotes the safety and mutual respect of all members of the campus community. To this end, we urge you to review the following information with care.

What is acquaintance rape?
Acquaintance or date rape is sexual intercourse which is forced on a woman against her will by means of threats, physical restraint, or physical force by someone she knows. Recent studies report that over two-thirds of the women in the United States who have been sexually assaulted were acquainted with the man who raped them.

As defined under law rape is an act of sexual intercourse accomplished against a person's will by means of force, violence, or fear of immediate and unlawful bodily injury or under a variety of other circumstances including: when the person is prevented from resisting by the use of drugs or alcohol; when the person is incapable of giving legal consent because she is 17 or younger; or when the woman is at the time unconscious of the nature of the act.

The code of student conduct prohibits rape and other types of sexual assault or battery under Section 102.08 (a) and (b), UCLA Student Conduct Code (page 12):

Physical abuse, including but not limited to, rape, sexual assault, sex offenses, and other physical assault; threats of violence; or conduct that threatens the health or safety of any person.

Actions against alleged rapists.
The University of California, Los Angeles will not tolerate sexual assault in any form, including acquaintance or date rape. Where there is probable cause to believe that the Campus' regulations prohibiting sexual assault have been violated, the campus will pursue strong disciplinary action through its own channels. This discipline includes the possibility of suspension or dismissal from the University.

A student charged with sexual assault can be prosecuted under California criminal statutes and disciplined under the Campus' code of student conduct. Even if the criminal justice authorities choose not to prosecute, the campus can pursue disciplinary action.

Helpful tips for students:

Men:

- Avoid excessive use of alcohol and drugs. Alcohol and drugs interfere with clear thinking and effective communication. Be aware that alcohol is involved in over 90% of reported sexual assaults.
- Understand your sexual desires and limits. You are responsible for your actions as an individual and as a member of a group. Be aware of and resist social pressure.
- Being turned down when you ask for sexual relations is not a rejection of you personally. A woman who says "no" to sexual relations is not necessarily rejecting you; she is expressing her unwillingness to participate in a specific act at a specific time.
- Accept the woman's decision. "No" means "no." Don't read into other meanings. Don't continue after the woman says "no", or if her actions indicate she is unwilling or unsure of consenting to sex.
- Don't assume that just because a woman flirts or dresses in a manner which you consider sexy that she wants to engage in sexual activity.
- Be aware of drugs like Rohypnol and GHB. If you see or hear that someone is "dosing" a drink, intervene. Confront the person, warn potential victims, discard the drink, and/or get help.
- Don't assume that previous permission for sexual activity applies to the current situation.
**Women:**

- **Avoid excessive use of alcohol and drugs.** Alcohol and drugs interfere with clear thinking, effective communication, and your ability to respond in your own best interest. Be aware that alcohol is involved in over 90% of sexual assaults.
- **Understand your sexual desires and limits.** Believe in your right to set those limits. If you are not sure, stop.
- **Communicate your limits clearly.** If someone starts to offend you, tell him so, firmly and promptly. Polite approaches might be misunderstood or ignored. Say "no" when you mean "no."
- **Be assertive:** Passivity might be interpreted as permission. Be direct and firm with someone who is pressuring you sexually.
- **Pay attention to what is happening around you.** If you feel threatened, don't be embarrassed to ask for help or to leave.
- **Be aware of drugs like Rohypnol and GHB.** If you see or hear that someone is “dosing” a drink, intervene. Confront the person, warn potential victims, discard the drink, and/or get help.
- **Trust your intuition.** If you feel you are being pressured into unwanted sexual relations, don't hesitate to express your unwillingness, even if it might appear rude.
- **Avoid isolated locations such as your room or someone else’s room.**

If you've been sexually assaulted.

Sexual assault can be terrifying and traumatic. After a rape, it's not uncommon to feel fearful, confused, guilty, ashamed, or isolated. You do not have to deal with these feelings alone. There are many concerned people at UCLA and in the community to help you.

**For Immediate Help:**
1. Get to a safe place.
2. Call a friend or family member for support.
3. Call the Police Department who will transport you to the Rape Treatment Center in Santa Monica (310/319-4000 chose option #2) whether or not you choose to report the incident. (For an on-campus assault, call UC Police Department at 825-1491 or 911. For an off-campus assault call your local police department at 911.) You may request a female officer if that is your preference.
4. Try to fight the urge to shower, bathe, douche, change clothes, or straighten up the area. You will destroy evidence you may need.

**Campus and Community Support Services:**

**Center for Women & Men, Rape Service Consultants:** There are individuals at UCLA called Rape Services Consultants (RSC's) located in the Center for Women & Men, B44 Student Activities Center, (825-3945) who provide services to men and women. RSC's can discuss options and alternatives, help identify and assist you in contacting the most appropriate support services (including those listed below), and answer your initial questions.

**The Santa Monica - UCLA Medical Center, Rape Treatment Center** is a nationally recognized program serving survivors of sexual assault and their families. A highly trained staff is available 24 hours a day to provide you free of charge with emergency medical care, evidence collection, crisis intervention, and legal assistance. The Santa Monica – UCLA Medical Center, Rape Treatment Center is located at 1250 Sixteenth Street, Santa Monica, and can be easily reached by car, bus or transport by the UCLA Police Department. For more information call (310) 319-4000 - chose option #2.

Rape Defined

(a) Rape is an act of sexual intercourse accomplished with a person not the spouse of the perpetrator, under the following circumstances:

(1) Where a person is incapable, because of a mental disorder or developmental or physical disability, of giving legal consent, and this is known or reasonably should be known to the person committing the act. Notwithstanding the existence of a conservatorship pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code), the prosecuting attorney shall prove, as an element of the crime, that a mental disorder or developmental or physical disability rendered the alleged victim incapable of giving consent.

(2) Where it is accomplished against a person’s will by means of force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the person or another.

(3) Where a person is prevented from resisting by any intoxicating or anesthetic substance, or any controlled substance, and this condition was known, or reasonably should have been known by the accused.

(4) Where a person is at the time unconscious of the nature of the act, and this is known to the accused. As used in this paragraph, “unconscious of the nature of the act” means incapable of resisting because the victim meets the following conditions:
   (A) Was unconscious or asleep.
   (B) Was not aware, knowing, perceiving, or cognizant that the act occurred.
   (C) Was not aware, knowing, perceiving, or cognizant of the essential characteristics of the act due to the perpetrator’s fraud in fact.

(5) Where a person submits under the belief that the person committing the act is the victim’s spouse, and this belief is induced by any artifice, pretense, or concealment practiced by the accused, with intent to induce the belief.

(6) Where the act is accomplished against the victim’s will by threatening to retaliate in the future against the victim or any other person, and there is a reasonable possibility that the perpetrator will execute the threat. As used in this paragraph, “threatening to retaliate” means a threat to kidnap or falsely imprison, or to inflict extreme pain, serious bodily injury, or death.

(7) Where the act is accomplished against the victim’s will by threatening to use the authority of a public official to incarcerate, arrest, or deport the victim or another, and the victim has a reasonable belief that the perpetrator is a public official. As used in this paragraph, “public official” means a person employed by a governmental agency who has the authority, as part of that position, to incarcerate, arrest, or deport another. The perpetrator does not actually have to be a public official.

(b) As used in this section, “duress” means a direct or implied threat of force, violence, danger, or retribution sufficient to coerce a reasonable person of ordinary susceptibilities to perform an act which otherwise would not have been performed, or acquiesce in any act to which one otherwise would not have been submitted. The total circumstances, including the age of the victim, and his or her relationship to the defendant, are factors to consider in appraising the existence of duress.

(c) As used in this section, "menace" means any threat, declaration, or act, which shows an intention to inflict an injury upon another.
Your cooperation is expected in complying with the requirements as stated in the Los Angeles Municipal Code.

The following helpful tips are provided to assist UCLA's housed fraternities and sororities in building better relations with those that are impacted by the close proximity of Greek housing.

1. Introduce yourself to and get to know your neighbors. Let them know that you are interested in being a good neighbor. (This applies to property owners, apartment tenants/managers, and University Housing/Residence Halls).

2. **Remember the negative power of noise!** Your neighbors may have an exam the next day or have to work. Be mindful that during high profile times when your chapter is together at the chapter house (i.e. recruitment, Monday meetings, pinnings, parties, etc) your impact on neighbors escalates. Keep sound down after midnight, every night.

3. If it's a party or large-scale activity at your chapter house:
   - The event chairperson(s) should be prepared to answer the phone and deal with complaints or difficult situations.
   - Let your neighbors know in advance of your event so they can plan accordingly.
   - When the event is over, your guests should leave rather than linger outside for a period of time. Many disturbances arise during the time people are leaving.
   - Set up the sound so that music and/or speakers face away from neighbors.
   - The morning after, make sure the yard and sidewalks are clean and free from debris.

4. Be sure all garbage, trash, glass, etc. make it into the dumpster and keep the lid/doors closed. Trash enclosures should be cleaned on a regular basis. If you regularly produce more refuse than your dumpster holds, consider an additional dumpster or more frequent pick-ups. (See large item pick-up info.)

5. The City of Los Angeles requires property owners to maintain sidewalks and parkways that are adjacent to their property. This includes trimming grass, cleaning debris, removing illegally posted signs and flyers on trees and poles, etc. Include these areas in your clean up.

6. Observe posted no parking signs for street cleaning. You won't get a ticket and Street Maintenance can more effectively sweep the gutters.

7. Remember that persons in wheelchairs and parents with baby strollers need to use the sidewalk. Do not block the sidewalks if your property has a driveway or stack parking.

8. Do not leave large discarded items in front of your facility. Utilize the City of Los Angeles Collection Services Hotline at 1-800-773-2489 to remove heavy or bulky items. Call at least one day prior to regular city trash collection (Wednesday in Westwood) and schedule your pick up. Make sure items are easy to see and access from the street.

9. Support regularly sponsored neighborhood clean-ups (Operation Clean Sweep) or sponsor a beautification project in conjunction with the North Village Improvement Committee, neighbors and the local community. This is an excellent way to work with and get to know those around you.

If you have any questions about city services or requirements, contact UCLA Local Government and Community Relations at 794-6819. Their insight and knowledge is a great resource to you in building better community relations.
